• *Consigned by Blind Badger Ranch & Barry Nowatzke*

• *Pebbles 191X is a real soft ribbed female. She gets out and moves very well. She is out of Pebbles 911R and sired by Wisdom. His offspring are very consistent, sound, and big middled. Wisdom progeny are starting to make their mark across the country.*

INSURANCE: 30 days coverage provided on BBBN PEBBLES 191X by
American Live Stock Inc. Geneva, Illinois Jame Secondino Krieger
812-208-0956 and Stuart Wilson 217-454-9355

Thank you American Live Stock Inc.

*The Board of the American Junior Maine-Anjou Association and the entire junior membership would like to take this opportunity to thank **Blind Badger Ranch & Barry Nowatzke** for this generous donation. The money raised will go toward the 2011 National Junior Show, to be held June 26 to July 1 at the American Royal complex, Kansas City, MO. Progressive breeders such as these two elite programs allow our Junior Association to offer young people of this breed opportunities to gain knowledge and experience that will be for the betterment of their future. We greatly appreciate all the firms who support the AJMAA. **Thank-you.***

Maximum Exposure will be available to offer our still photography and videography services for the 2011

Bright Lights Maine-Anjou Bull & Female Sale on Saturday, January 15, 2011. We will be available Wednesday, January 12, 2011 to shoot sale bull photography and videos for those who wish to use our service. The videos and pictures will be processed that night and Thursday morning and be available on the AMAA web site starting on Thursday, January 13, 2011. Video links and still pictures will be sent to EDJE Technologies. After the information is sent to EDJE, we are not responsible for turn around time from there. You should contact EDJE to let them know those links and pictures will need to be posted as soon as they are received.

Maximum Exposure Contacts: Mark Sneed, 937/269-1871 or Kyla Nesheim, 785/213-5435, kyla@maximumexposurephotos.com

On behalf of the “Bright Lights” consignors, American Maine-Anjou staff and myself, I would like to extend a warm welcome to you to be with us in Denver, CO. on Saturday, January 15, 2011 “in the yards” for the second edition of the “Bright Lights” Maine-Anjou Bull and Female Sale.

The offering is brighter than ever as 83 bulls and 25 female, semen and pregnancy lots make up this main event. This sale is loaded with elite show heifers, future donors, rare pregnancies, promotional and herd-bulls. Take advantage of the opportunities in the “Bright Lights” sale, as the offering of this magnitude only comes around once in a great while.

Maine-Anjou breeders have diligently worked at breeding cattle that are problem free. There have been many steer trials in recent time that have shown that without a doubt (WDA) weight per day of age and feed conversion are key attributes in Maine-Anjou genetics. With feed costs and other input costs rising all the time feed conversion is a must to be profitable in the cattle business.

I hope you will be able to join us in Denver, as the field is stacked with quality and superior seed-stock genetics. Whether you are in search of a herd bull, promotional bull, elite show heifer, donor female or rare pregnancies we have it all!!

Look forward to seeing you “in the yards” on January 15, 2011, if you have any questions feel free to contact the consignors, sale staff, or myself as we will be more than happy to answer any of your questions. Safe travels and we will see you in Denver, CO.

Dustin Layton

• Consigned by Carlson Maine-Anjou

• A double bred Legacy Plus and Limited Edition. 108x is out of our 283 donor dam whose dam is WC C Erica 117K, a former show heifer of the year. This heifer gets better every day in terms of her volume and capacity. The Wisdom's are making great cows and this heifer should be no different with the maternal power she has on both sides of her pedigree. 108x epd's for growth and maternal rank her in the top 1/3 of the breed.

• Entered in the 2011 She's A Lady Futurity.

- **Consigned by Brian Hoffelt**
- This purebred, red female has brood cow written all over her. She combines the genetics of Boomer (full sib to Sooner) with the style and power of her dam 71T. 71T is a young donor that is a defect free outcross to the majority of the Maine Anjou bulls being used today. Once this female moves from the show ring to the pasture she will prove to be a valuable asset that can be mated many ways to produce show stock or valuable replacements.

• *Wow, Wow, Wow did this flush work! Three calves, all heifers... what luck! We had many opportunities to sell these heifers this fall, but we thought we would leave them together and offer them in Denver – you pick 'n choose. They are big boned, hairy, sound and very feminine. Playmate 173S has been a can't miss in our flushing program, every mating has worked and these daughters should do the same. All three females will make outstanding breeding pieces when they're show careers are over!*

- **Consigned by Meyer Maine-Anjou Farms**
- Selling 50% of two (2) pregnancies in crossbred recipients due 2-21-11, from the lead off heifer in Blind Badgers 2010 National Western Maine-Tainer Pen of Three females, BBR UP TEMPO 880U, # 393706 by the Fullblood bull Danigo #20. Danigo was the thickest and most moderate of all the bulls imported in the breeds early years. Danigo sires deep ribbed females that have milk, evidenced by his 29.1 milk epd. This bull mated to females like UP Tempo should more than fit today's cattle more than any other bull of that era. The potential EPD's of this mating represents an opportunity to invest in genetic diversity that could redefine ones program along with the Maine-Anjou breed.

----------------	-----------------	-----------------	------------------	---------------------

- **Consigned by Blind Badger Ranch and Barry Nowatzke**
- 84M has produced countless females that have been high sellers and went on to be champions in the show ring at such shows as American Royal, Louisville and Denver.
- She did it again this time in the way of bulls! It makes sense. The females have been so impressive, so why not the bulls.
- X and X2 are sired by Statesman. Statesman has also produced many champions and top sellers across the country. Combine that with the consistency of 84M, and the impact of these bulls could be huge. We think each bull offers something different and could work on different types of cows.
- X is the older brother. He is a power house in the terms of muscle, mass and bone. He does all that in a sound structured, free moving package. If you want a moderate bull to add bone and muscle, this is the one you need to use.
- X2 is flawless in terms of phenotype. He is long sided, very straight in his lines, and extra smooth shouldered. He ties together really good and has extra extension in his front one third. He should give them the eye appeal it takes to be successful in the show ring.
- The sky is the limit with the pedigree and performance of these two young herd sire prospects. We have decided to offer this semen in lots of five for those who cannot use an entire package. This will be the only semen sold outside a semen package for at least one year. So take this opportunity to help improve your program. Keep in mind their dam has had great success mated with Sooner. That makes me believe these bulls should work well on your Sooner daughters.

- Patriot 29X is a great Sooner son. He comes from a long line of Champions. His dam Erica 36R herself was a grand champion at Jr Nationals and Louisville.
- His two full sisters compiled a unmatched list of winnings. They both won Kansas City and Louisville in their respective seasons. Erica 36T also won Fort Worth and reserve at Jr Nationals. She went on to be named show heifer of the year for James Sullivan.
- He has large foot steps to follow, but this big footed sound made bull is up for the task. He has been an eye catcher from the day he hit the ground. He is very level hipped and cool necked. He is sure to make some impressive females.
- Retaining 1/3 semen interest and right to clone.

• Over the years we have brought several good bulls to Denver and this Open Bar calf would rate right up there with the best. Soft in his makeup, moderate in his frame, easy fleshing, flat boned, good footed and fluid moving lends him to be a bull that will cover a lot of cows and pasture for many years. Solid Lock is also wide based, big topped and very neatly made out through his front end. This is the kind of bull that will produce some females that are keepers. He has a world of style and the "look" to fit the needs of a lot of breeders.

• Consigned by Braun Show Cattle

• If you're looking for a heifer bull, here he is! A super sound, big boned bull, that doesn't sacrifice growth and performance for his 98 lb. birth weight. This one's been a crowd pleaser since birth! He's double bred calving ease, sired by GVC Special Delivery, a bull who's rapidly gaining popularity, and an Ali first calf heifer.

- We named this bull "Reprint" because that is what you will want – Many Reprints of the original. He is a star headed, great haired stud horse that has the style and cockiness to make champions. The dam of these 4 brothers "Mayberry" was Reserve Grand on the hill in Denver at the 2008 Jr. Show!!

AMAA Sale Terms & Conditions

Terms: Terms of the sale are cash or check, payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certificate check as settlement before releasing any cattle.

Risk: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared "sold" by the auctioneer (but will be cared for at the purchaser's risk for a reasonable length of time).

Bidding: All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer and his decision will be final.

Health: All animals sell with proper individual health certificates making them eligible for transport to most destinations within the U.S.

Announcements: Announcements from the auction block will take precedence over the printed matter in this catalog.

Registry Certificates: All animals shall carry papers from the American Maine-Anjou Association. All papers will be transferred and mailed to the new owner at the consignor's expense.

Shipping: Assistance will be given in making shipment after the sale, but no risk will be assumed by the seller. Expenses incident thereto are the responsibility of the purchaser, who should furnish shipping instructions at time of settlement.

Breeding Guarantee: Bulls: All bulls are guaranteed to be breeders. It will be the responsibility of the buyer to have the bull semen tested before he is turned out with cows or before 15 months of age, whichever comes first. If not done, the seller is not responsible. Any bull that has not proven himself a breeder, the matter shall be reported in writing to the

seller within six (6) months following the purchase or six (6) months after the bull has reached 15 months of age. Seller will then have the right or privilege of six (6) months to prove the bull a breeder. Any bull that has not proven himself a breeder that is healthy and in good condition may be returned to the seller at the buyer's expense. If the bull should fail to prove a breeder, the seller at his option, can return either purchase price to the buyer or replace the animal with another of equal value in settlement and satisfaction of all claims. In no event, shall the seller be responsible for more than purchase price. If the bull becomes a non-breeder by reason of injury, negligence or mismanagement, the seller's guarantee shall be void.

Liabilities: It is to be clearly understood that the AMAA, the sale manager and all their representatives act only as a medium between the buyer and seller. They are not responsible in any way for failure on the part of the buyer and seller to live up to his/her obligations to collect or enforce collections of monies between parties. Any legal actions, that may in exceptional cases be taken, must be buyer and seller.

Accidents: Although every precaution will be taken to protect the safety and comfort of the buyers and those attending the sale, the AMAA, or seller, or sale manager do not assume any responsibilities in the matter and each disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

Contract: The above terms and conditions of sale shall constitute a contract between buyer seller of each animal and be equally binding on both. Animals that are resold following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these sale terms and conditions.
